1985 Legend

"We're Changin' Every Day!"

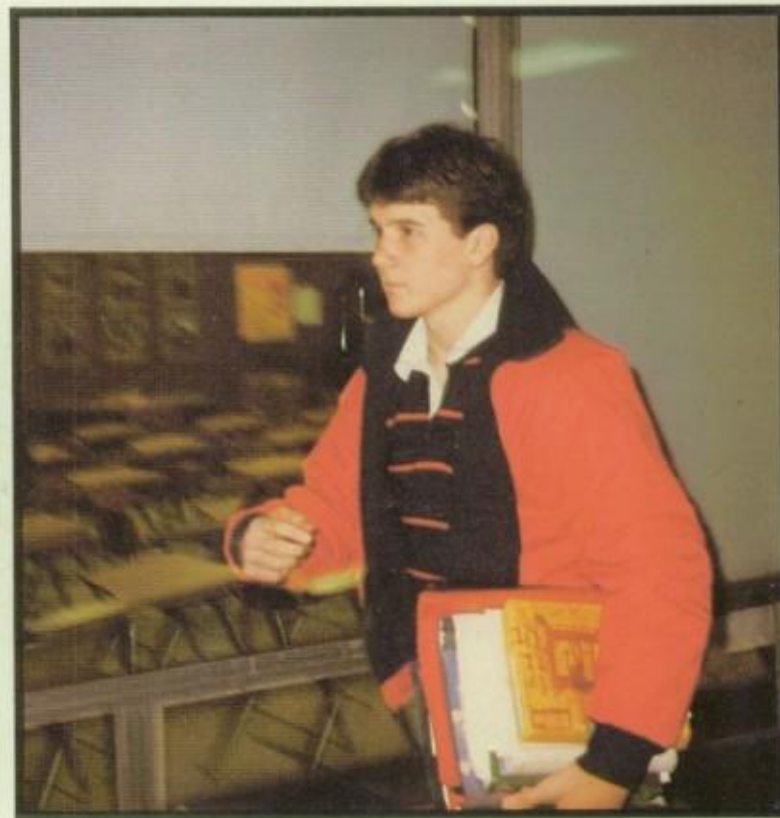

**Robert E. Lee
High School
411 ESE Loop 323
Tyler, Texas
Volume 27**

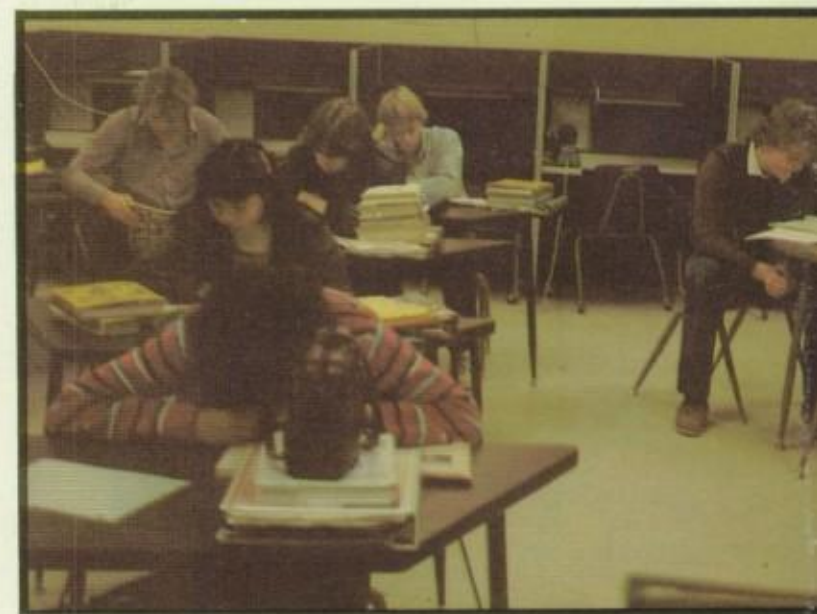

"The times change and we change with them."

Lothair I

RIGHT: There's no time for social "hello's" with six minutes between classes for Sonya Barnes and Lametra Williams. FAR RIGHT: Greg Miller rushes to class — an everyday occurrence for most students. BELOW RIGHT: Tutorial period provides extra study time for those wishing to attend. BOTTOM: Students make use of the temporary walkways over the mud.

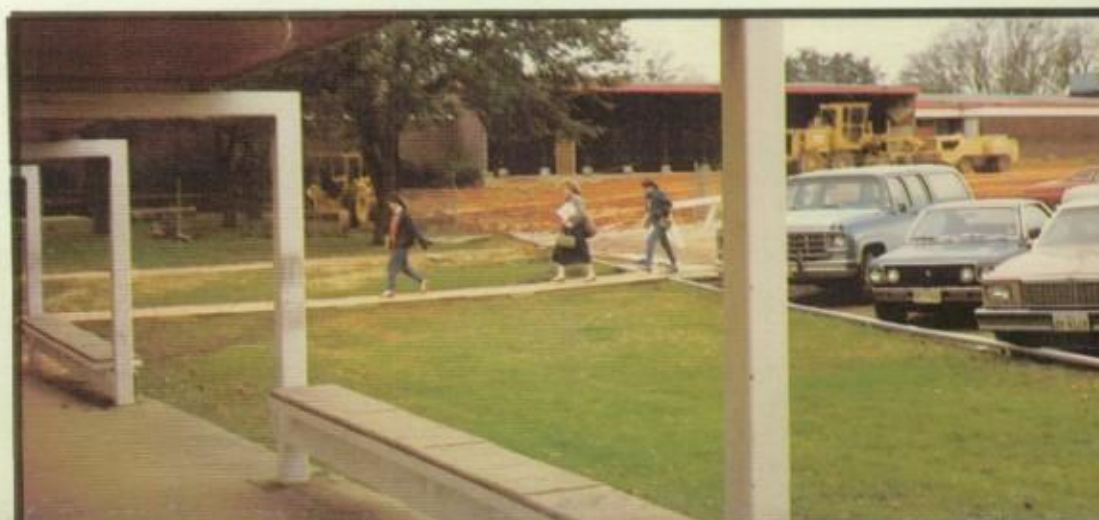

"We're changin' every day!" That seemed like a rather appropriate phrase with which to describe the 1984-85 school year. There were *many* changes taking place around us: clothes styles were changing (of course); cars were becoming more aerodynamic; and even the city of Tyler was growing (with about eight new office buildings and shopping centers). Also taking our lives by storm were the computers, which were becoming more complex each day. Television shows of a few years ago, such as "The Waltons," transform with time to the ranks of "Dallas" and "Dynasty." We are definitely in the center of a maelstrom of change!

Yet students at Lee were not immune to other forms of change. Primarily, the most obvious changes we and other students across the state of Texas experienced were those brought by "House Bill 72." It gouged its mark in the public school system as quickly and destructively as Sherman's march on the South during the Civil War.

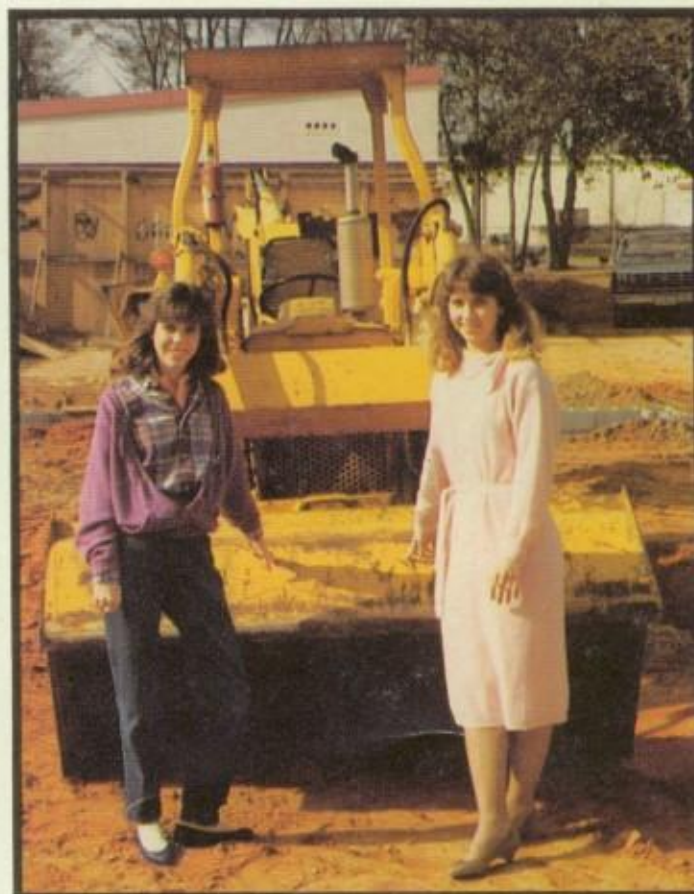

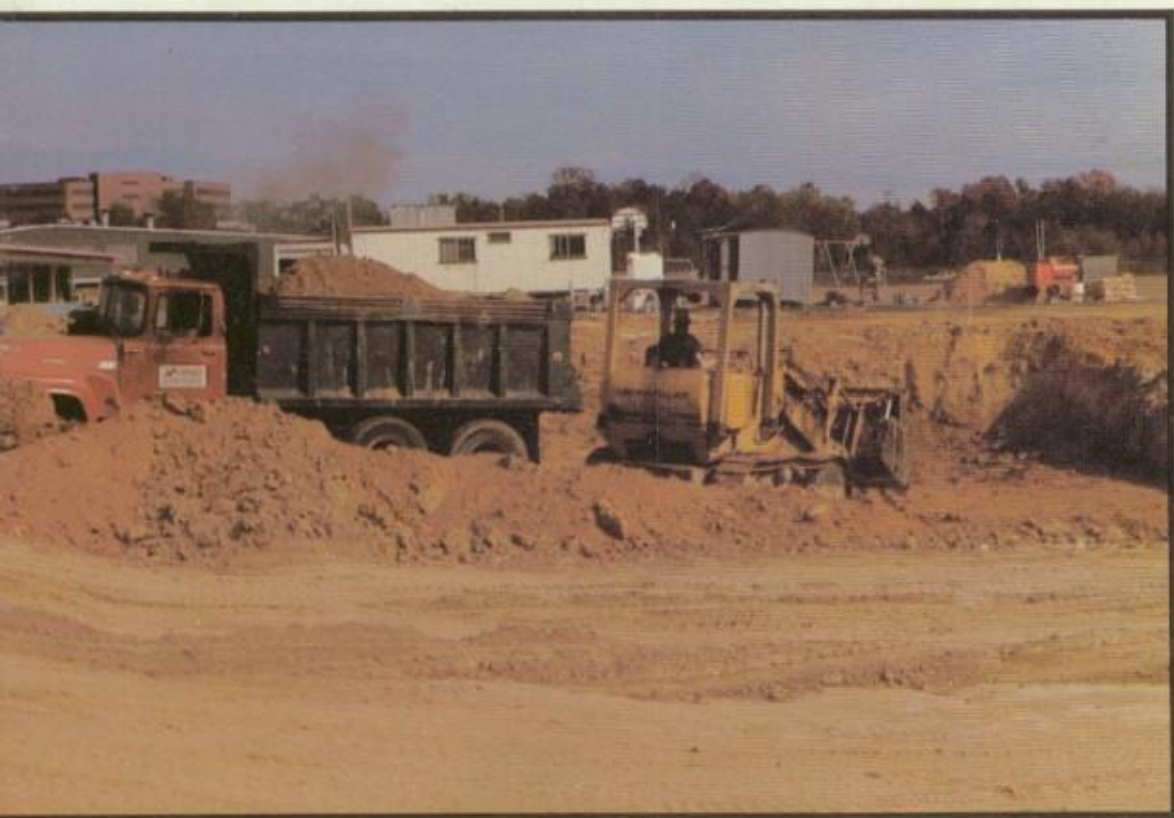

The Bill's regulations required the student to maintain a C- average or above to participate in extracurricular activities. Also Senior final exemptions were abolished.

Establishing a tutorial period was a requirement of the school reform bill. Beginning at 7:45 A.M., the period allowed students to receive extra help from teachers. This requirement, in turn, brought back the four lunch periods and six minutes passing time between most classes.

"The old order changeth, yielding place to new; . . ."

Tennyson: Passing of Arthur

The Tyler Independent School district decided last year to add to Lee, rather than sell and start again from scratch. The decision appropriated funds for the enlargement of the library, the cafeteria, additional classrooms, plus a new drama complex near the tennis courts and a computer lab between C- and D- units.

Construction, which began at the first of this school year, changed the habits of Lee students. Plywood walls, mounds of dirt, and rivers of mud presented quite a hinderance to students whose familiar routes to classes were blocked. Bulldozers and tractors distracted both students and teachers with their excessive noise and mess.

ABOVE LEFT: The future drama complex is underway! ABOVE: Holly Howell and Pam Ford with Lee's key to "bigger and better things." LEFT: A-unit parking lot yielded way to more classrooms. BOTTOM: Trees provide Lee with a natural beauty, but some must go to make room for the cafeteria.

“Nonviolent action . . . was the way to supplement . . . the process of change.”

Martin Luther King, Jr.

With the admission of the plywood walls, came Lee's extra-large dose of graffiti. The collage of autographs, opinions, and "lovers" brought headaches to the administration. And as a result, Principal Billy Hall offered designated wall space to clubs that wished to paint a mural over the graffiti. This stimulated much interest with the NIKE, German, Jets/Jas, and other clubs that participated.

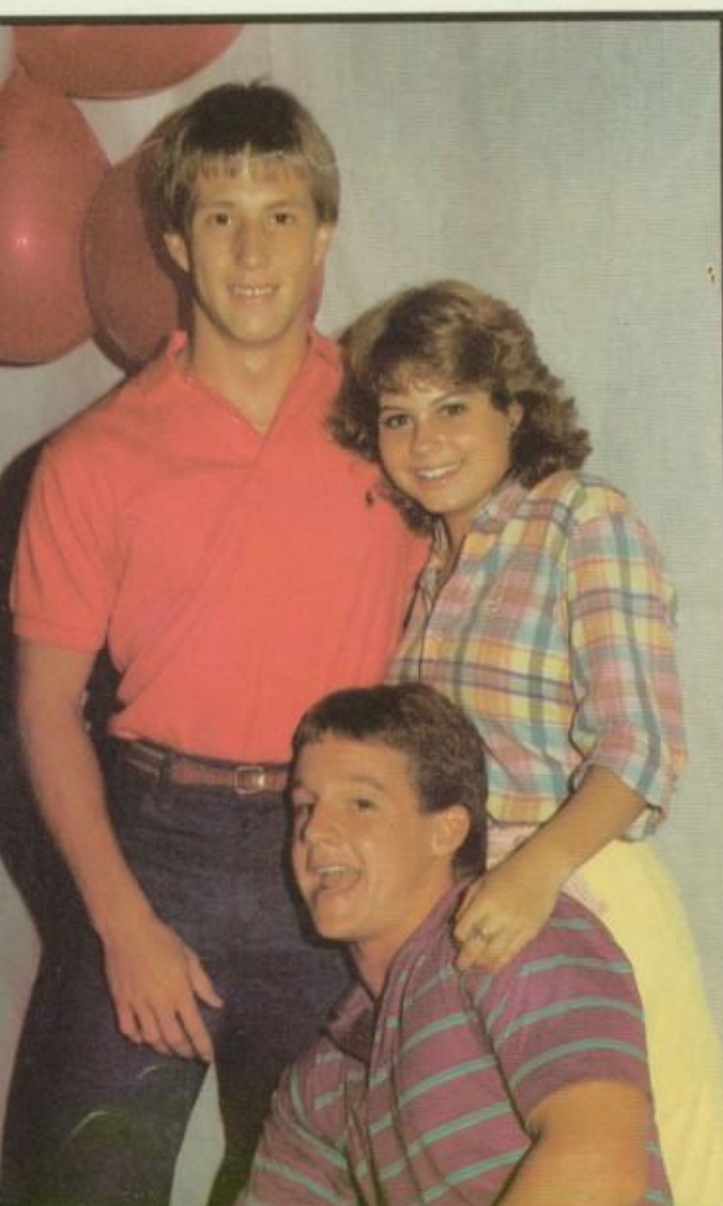

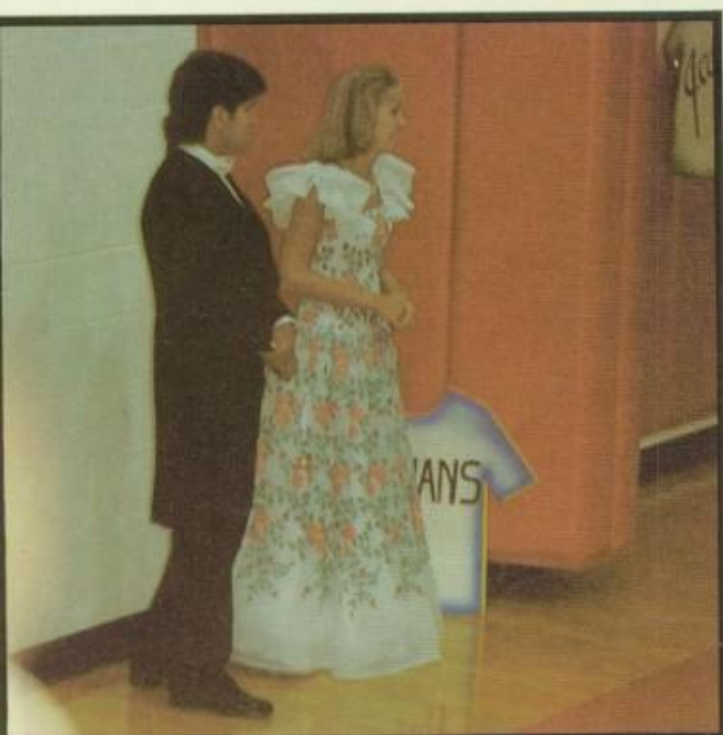

ABOVE LEFT: Dawn Duncan's masterpiece. ABOVE RIGHT: The German Club shows its spirit and loyalty in its mural. RIGHT: Graffiti in A-unit courtyard changed more often than the weather. BOTTOM: The Nike club won a prize for its mural over the graffiti.

The Fall Line-Up

The PTA decided to bring the 1984-85 school year in with a bang — which they did! In August, shortly after school commenced, a fashion show was held for any students who wished to attend, with a soc-hop following. Morales, as well as school spirit, were certainly boosted as fellow students presented fashions from Tyler's retail businessmen. The Lee cannons presented our colors and the teachers and principals performed in skits.

TOP: Anne Bass and Hayes Rye model the year's formals. ABOVE LEFT: Ed Hampe and Jennifer Garrett were the MC's for the Bash. ABOVE RIGHT: Hillary Utay, Allison Brown, Betsy Brush, Kim Renfro, Lenee McCartney, Kenneth Biggs, Jeff Parnell, Mark Roberts, Martha Means, and Heather Smith show "the classics" from J. Carl's and Kearby's. LEFT: Mark Roberts, Lisa Earl, and Brian Fitzgerald at the Back-to-School soc-hop. ABOVE: Camilla Phelps, Susie Bergfeld, and Sheryl Moody model fashions from J. Massad's.

Red Raider Rally

Popcorn, hamburgers, caramel apples were just a few of the carnival-type refreshments offered a la carte at the Red Raider Rally last October.

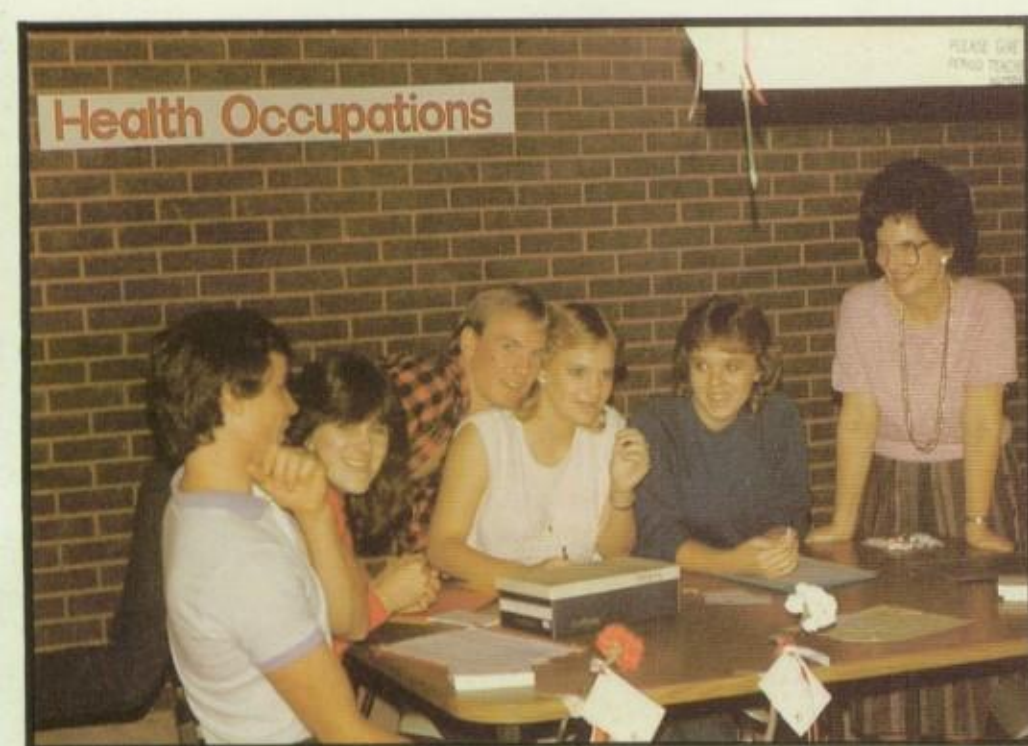

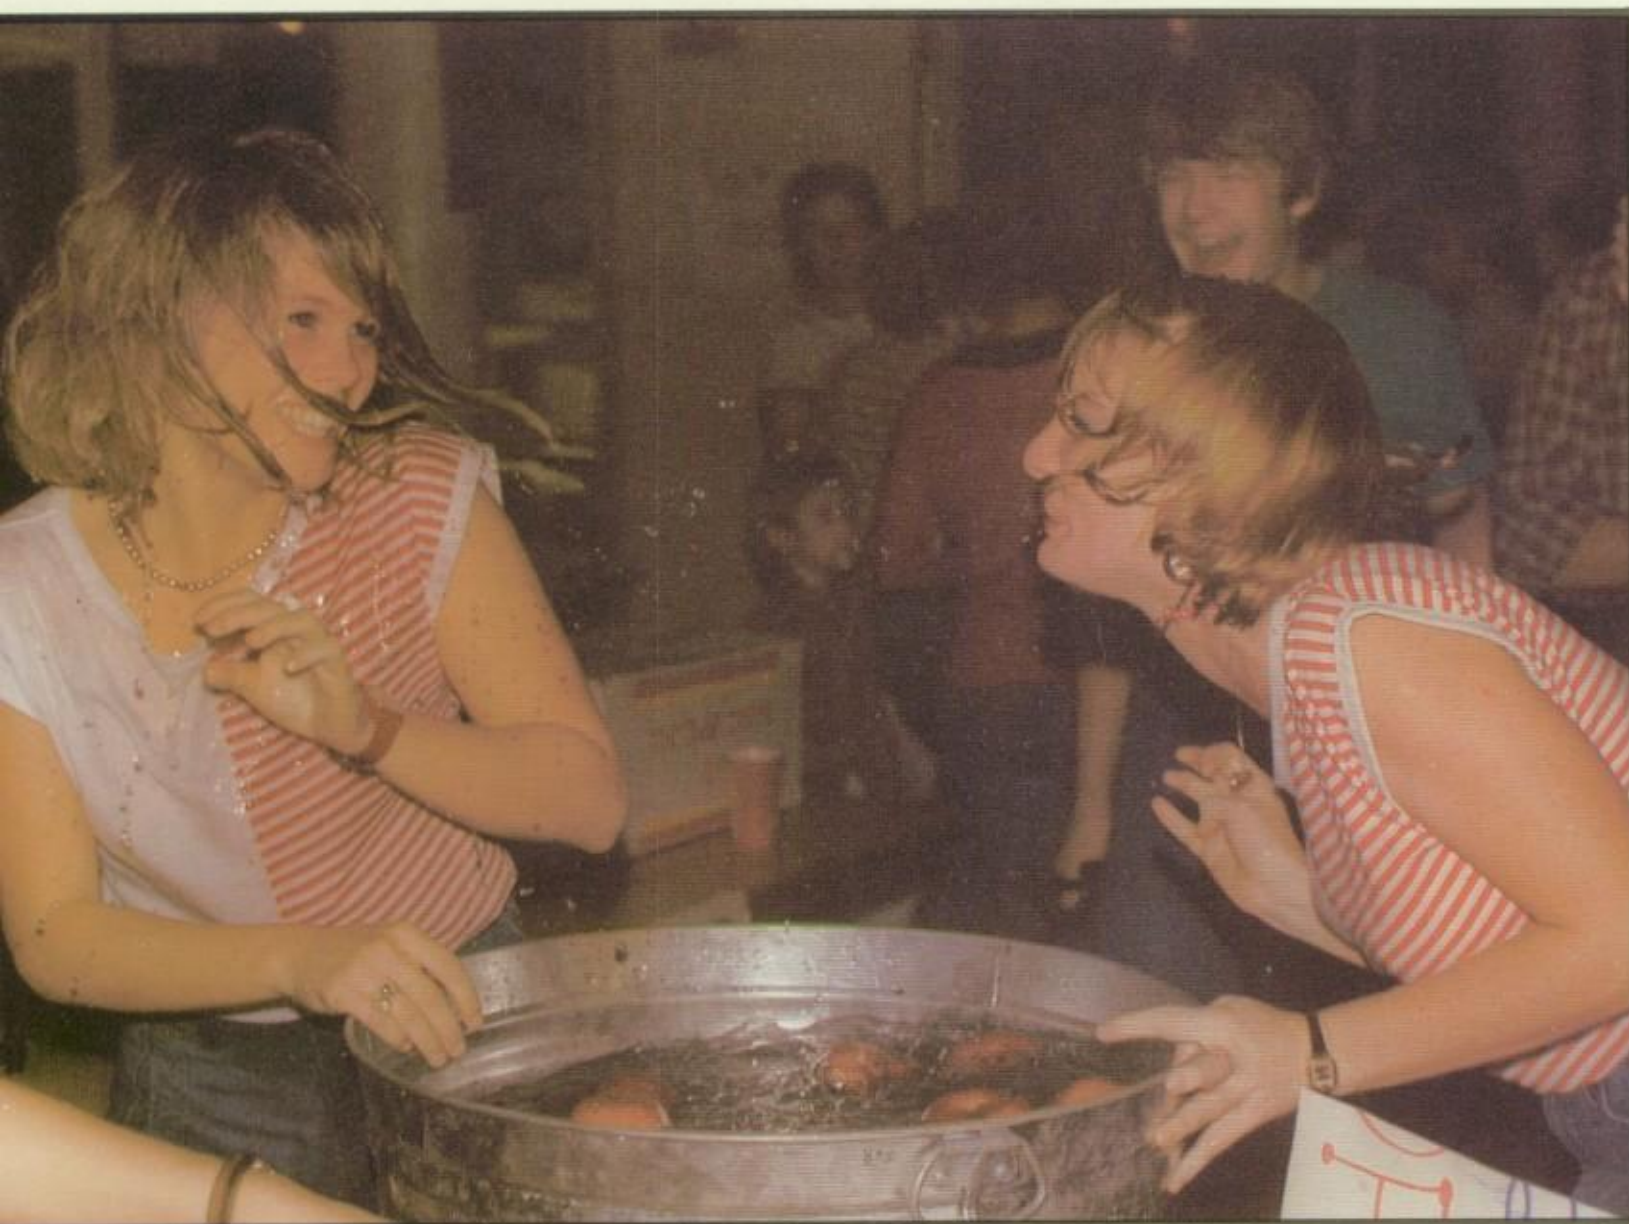

The annual event was established to permit the campus clubs and organizations to hold one of their two allowed fundraisers. Over twenty clubs participated in the rally.

Aside from the regulars, the festival presented some rather unusual foods. Of these were the Mexican fajitas, German smoked sausage sandwiches, and the famous beverage, the "Red Raider Delight."

Some activities offered were the "Red Raider County Jail," "Flashy Photos," and a mini-concert. Carnations were also sold for Lee/JT week, and autographs were taken for the yearbook.

TOP: HECE members, Rita and Valesha Jones, pass out cheese and sausage samples. RIGHT: Students observe as the "selected criminals" are forced into jail. BOTTOM: Paige Bult and Michael Yancey of the Art Club sell and enjoy popcorn.

TOP: Meri-Margaret Johnson and Karen Gilbreth prove to be unsuccessful at apple bobbing. ABOVE LEFT: Eddie Pruett, Kim Churchman, Darren Pruett, Annette Adams, Kristen Pederson, and Mrs. Jean Beacham, HOSA advisor. ABOVE RIGHT: Susan Symes, Mark Adcock, Laura Walker, and Gayle Boulter participate in the Drama Club's caramel apple sale. LEFT: Master Chef (and Spanish teacher) John Idrogo prepares his "world famous" fajitas.

Victory Enhances

October twenty-first proved to be quite a spectacular evening. During pre-game activities, the decision echoed through the stands as Melissa Agnew accepted the honor of Homecoming Queen. 1983 Queen Dianne Reed crowned the new royalty as the four finalists, Meri-Margaret Johnson, Kim Jones, Kelly Roach, and Leslie Turman looked on.

RIGHT: Todd Henderson, Bobby Bryant, Carrie Creel, Kelly Murphy, Kristi Knight, Rusty Harden, Jason Flowers, Paige Prince, and Bret Creel BELOW RIGHT: Cannoneer Ray Hawkins accompanies nominee Kelly Roach.

the Homecoming Atmosphere

To add to the excitement for the night, the Red Raider football team defeated the Lufkin Panthers with a score of 21 to 20. The win over Lufkin represented Lee's first Homecoming victory since 1979.

After the game Lee students topped off the evening with a dance sponsored by the Student Council at Harvey Hall. The theme this year was "Under the Big Top."

Rivalry Week

The week before the annual football game between the rivals, Lee and John Tyler, presented itself to be successful in raising school spirit among the students. Everyday of the week was a "dress-up day" to get everyone involved. Flagging, a common sight during the infamous week, was not so common this year, as school officials cracked down. "Flush that John!" was the main emphasis during the pep rally. And unlike last year, the Raiders come out with a victory. The overwhelming excitement was carried to the soc-hop following the game to celebrate.

Christmas . . . Lee Style!

The Pre-Christmas holiday season was celebrated at Lee in all the grandeur possible. December 12 was the night when the girls laid out their formals and the guys straightened their bow-ties. The annual Christmas Dance, in which the Southern Belle Officers were presented with their escorts, proved to be quite a success despite the extreme scarcity of parking places at Harvey Hall due to the other football games and parties. Also, to get everyone in that special holiday mood, an assembly was held the day school dismissed with entertainment supplied by Good Vibrations, Santa Claus and his elves.

TOP: Sonya Barnes and her date. ABOVE: Randy Rainwater, Kelly Barenkamp, Jennifer Bartley, and Chris Lennon. ABOVE RIGHT: Mike Robinson distributes candy during the Christmas assembly. RIGHT: Greg Miller, Kent Pendleton, Leigh Agnew, Tom Schoenbrun, Heather Stanley, and Melanie Nichols.

A Tale of Four Lunch Periods

Bbbringg!! Whew! Finally, the lunch bell! The steam of students forms into a rampaging river then divides into four tributaries: Upperclassmen, who take the opportunity of off-campus eating; underclassmen, who have no choice but to go to the cafeteria; the studious ones who use their time wisely in the library; and the daring ones who sneak off campus for a morsel of *real food*. But quick, either way taken must be executed in the shortest length of time . . . without developing indigestion. Decisions, decisions. Gulp! Bbbringg!! Uh-oh. Better hurry — can't be tardy. Run, run!! Bbbringg! When!

TOP LEFT: Hillary Utay decided that "off campus" is better. TOP RIGHT: Pam Ford on her way to lunch. ABOVE LEFT: "I hope you don't get caught!" ABOVE RIGHT: Tammy Landers LEFT: Allison Brown chose flame-broiling over frying.

In Memoriam

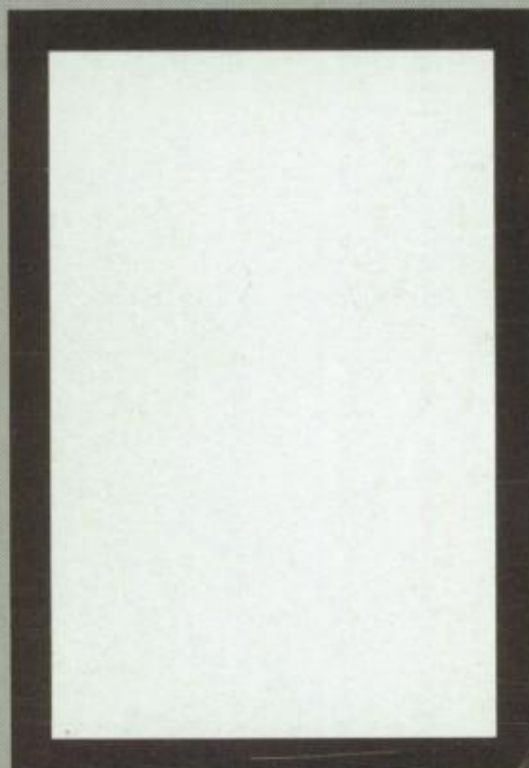

They will not pass this way again
To share our lives and laughter,
To walk beside us in the halls;
They will not lift a glass
to toast our triumphs,
Nor mourn with tender tears
for our defeats.

They wait for us, instead, in a silent corner
of God's universe,
Not in darkness and not alone,
But smiling, with arms outstretched.
Surely it is enough to know that they were here,
And we can rejoice in celebration
of the memories that they gave us.

Chris Moore, Freshman

The school year not only educated 8th graders to freshmen and ridded itself of another class of seniors, but was also filled to the brim with a smorgasbord of unusual news and human-interest stories.

POLITICS

The political scene dominated the first semester of school as the 4-year presidential term neared its end. President Reagan readied himself to "battle" for another term, while his opponent Walter Mondale turned middle-America on its ears with his announcement of Geraldine Ferraro for Vice-President, making her the first woman to run for this office. The war waged on with even three live presidential debates on national television. But on the evening of November 6, President Reagan proved to be the victor. The Inauguration in January was held indoors while the Inauguration Parade was cancelled due to a freak blizzard — with the last cancellation being the parade of Andrew Jackson.

In Reagan's second term, the decision of the MX missile was sent to Congress. The controversial bill passed in March, 210-217, much the dismay of Democrat speaker Tip O'Neil.

SCIENCE

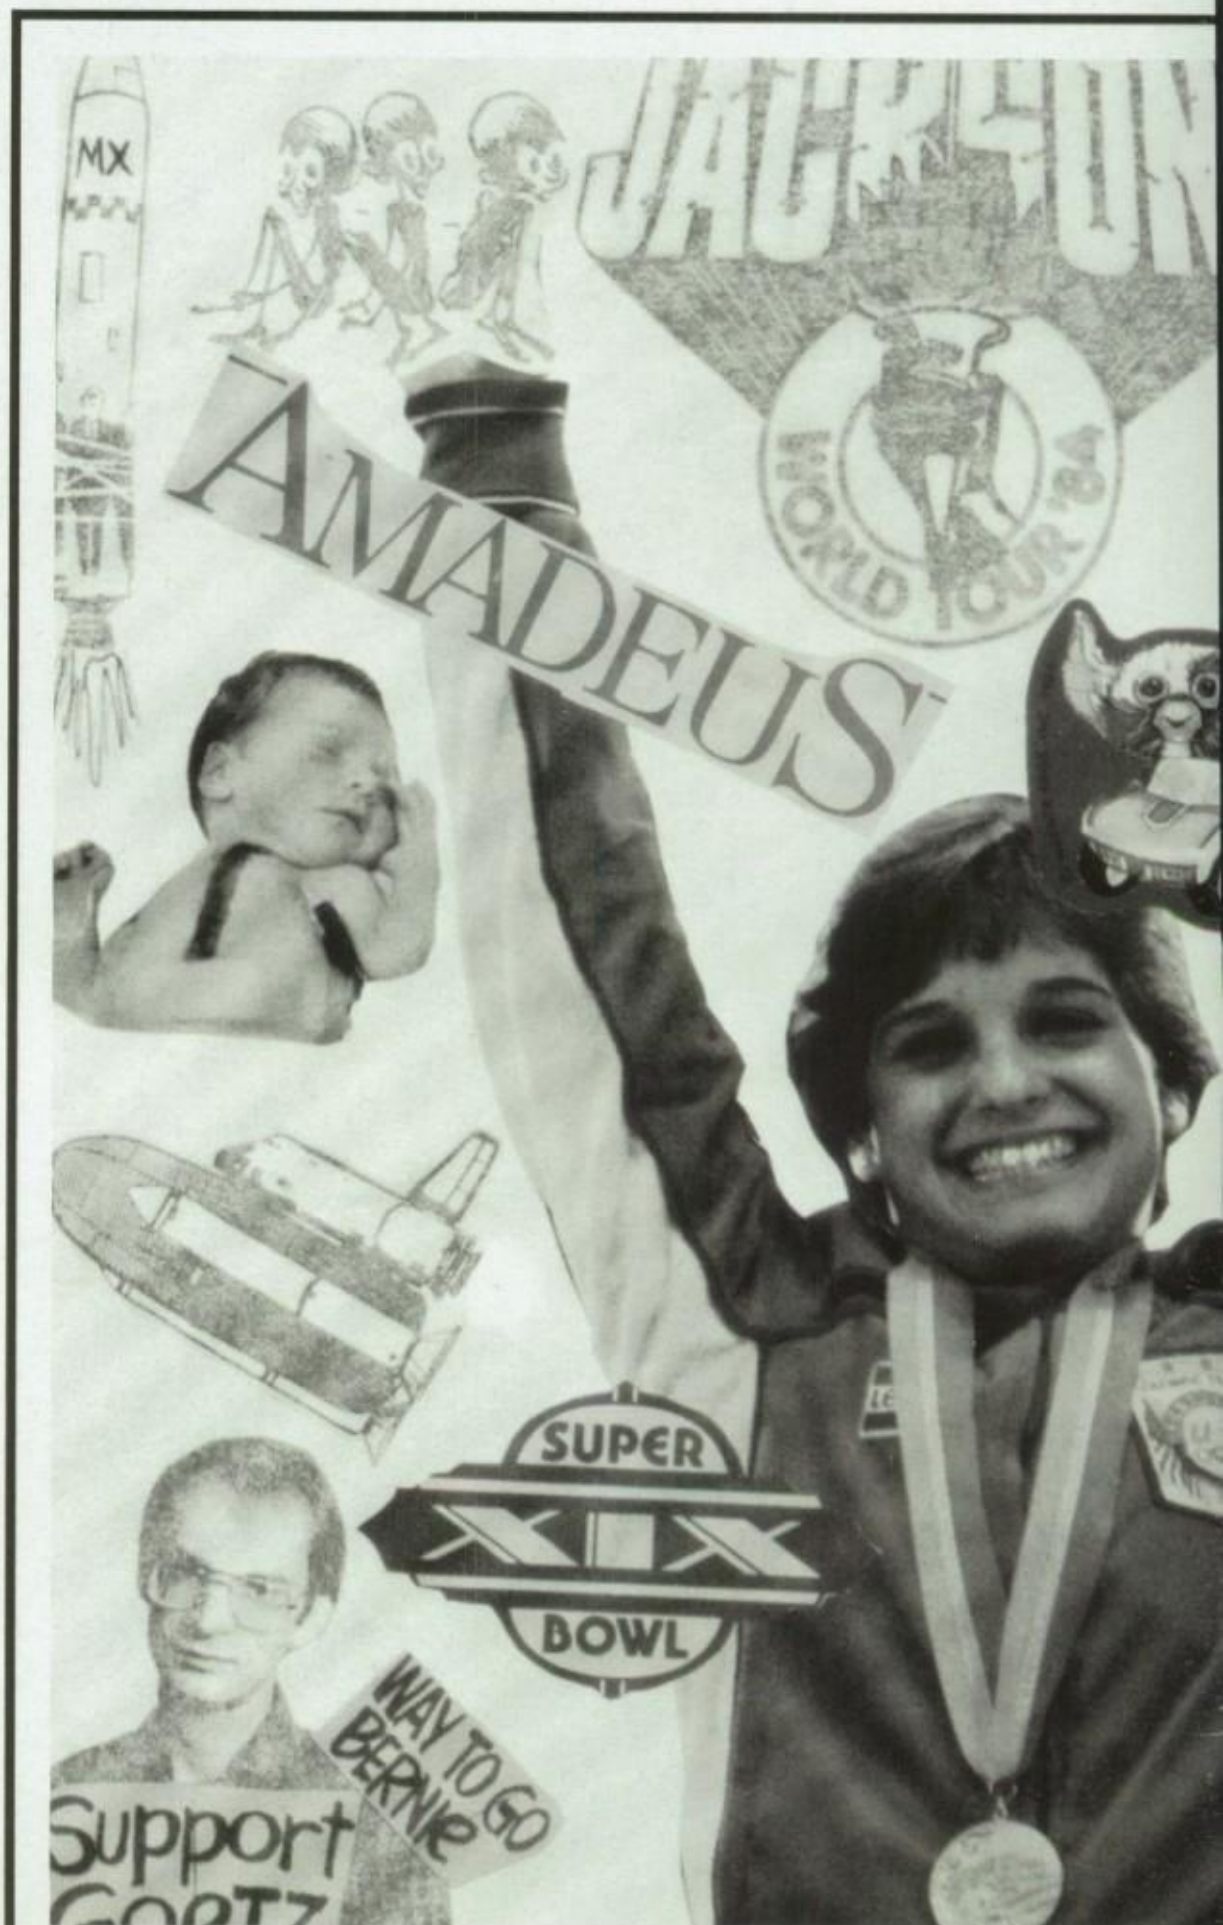

If there was ever a year for science it was this year, as new discoveries in space, technology, and medicine shook the world. The space shuttle became "an everyday occurrence" as it voyaged almost monthly. During the November flight, the ERA advanced with the first woman to walk in space as she rescued some wreckage. The first civilian in space, General Jake Garns, went up with Discovery in April.

On October 26, unaware of the media, Baby Fae became the first infant to receive an animal transplant. Born with a fatal cardiac defect, she lived for twelve days with her own heart and twenty with her transplanted heart of a seven-month-old female baboon. Ten days after her death, William Schroeder also gained world-wide fame as he became the second recipient of an artificial heart in Kentucky, and three months later Murray Hayden became the third recipient of an artificial heart.

SPORTS

The summer sizzled for sixteen days as the United States Olympic team raked in an unprecedented 83 gold medals in Los Angeles at the XXIII Olympiad. Those best remembered are: Carl Lewis and his four gold medals for track-and-field; gymnast Mary Lou Retton and her five medals — one being gold; and Greg Louganis with his two golds in diving.

Sports news continued with the Detroit Tigers winning the World Series, the San Francisco 49ers defeating the Miami Dolphins in Superbowl XIX; and Villanova receiving the NCAA basketball trophy after defeating Georgetown.

A dense, multi-layered collage of various images. At the top center is a portrait of a man with a beard and mustache, wearing a tuxedo and bow tie. To his left is a smaller image of a woman in a dark suit. Below her is a large, close-up image of a man's face wearing glasses. To the right of the large face is a circular logo featuring a cartoon ghost with a surprised expression, crossed out by a diagonal line, with the word 'GHOSTBUSTERS' written around the top edge. Below this logo is a small square logo with a star and the Olympic rings. To the right of the ghost logo is a triangular logo with the word 'GUESS' and 'PARIS' below it. Below the 'GUESS' logo is a small image of a woman smiling. At the bottom center is a large image of a man's face, looking upwards with an open mouth. To the right of this is a smaller image of a man's face, also looking upwards. In the bottom left corner is a logo for 'UNION CARBIDE' with the word 'ENOPAL' below it. The background is a textured, light-colored surface with various faint, overlapping images and patterns.

Other entertainment news includes "Ghostbusters," the summer's biggest movie, The Jackson Victory Tour which shook the country as it became the most expensive tour on record, and Vanessa Williams, Miss America 1984, who was forced to give up her crown after explicit pictures of her were published in "Penthouse" magazine. And just when it was thought to be safe to go back to summer camp, there was introduced Friday the 13th — Part V! Lionel Ritchie raked in at the Grammys; "Amadeus" was the Oscar-winner as it received eight Academy Awards; and the Gremlin was introduced to children's minds.

The world was not immune to substantial events — some joyous and some mournful. Bad news first; the Union Carbide explosion in Bhopal, India that killed over 2,500 people with the chemical MIC; the death of two world leaders, Konstanin Chernenko, U.S.S.R. premier in March and Indira Ghandi of India in November; in California the worst one-man massacre in U.S. History on July 18 at a McDonald's restaurant killing 22 persons; the largest disaster in Mexico on November 19 with the explosion of a petroleum refinery killing 452; the bomb threat on Great Britain's Prime Minister Margaret Thatcher on October 12; and New York Subway Vigilante Bernhard Goetz who opened fire on three muggers, killing one. On the brighter side Great Britain gained its 3rd heir to the throne, Prince Harry, and Bishop Desmond Tutu of Africa received the Nobel Peace Prize for 1984. Yet the single event in which the world banded together was to oblivate the starvation epidemic in Ethiopia. In determination to raise money to feed the world, musicians in Europe, America, and Canada put recordings on the charts: "Do They Know It's Christmas" and "We Are The World."

Those that will be remembered are: Richard Burton, Truman Capote, Ethel Merman, Marvin Gaye, and Ernest Tubb.

LANGUAGE ARTS

The Language Arts department is one of the largest departments at Robert E. Lee. This department has several areas of study: literature, grammar, research, composition, study skills, and Mythology. The department also participates in UIL Spelling and ready Writing. *The Sabre*, a magazine of student writing, is also published through the English department.

Top Right: Typical English class, the students study hard. Middle left: Papers, papers, papers, we are always writing papers. Middle Right: Lori Looney camera shy. Bottom Right: English isn't that bad!

Top left: Caryn Green looks on as Brad Kennington prepares his lesson. Top Right: Carig Whisenhunt awaits the bell after a long day in English. Middle Right: Jeff Tucker clowning around. Bottom: English students really enjoy their novels.

The Mathematic Department offers a variety of math courses from fundamental to calculus. Honors courses are offered in some math courses. All students except freshmen are required to take M.O.C.E. The freshmen will be required to take a computer math course and have 3 years of math. Math students were entered in UIL in calculator and number sense.

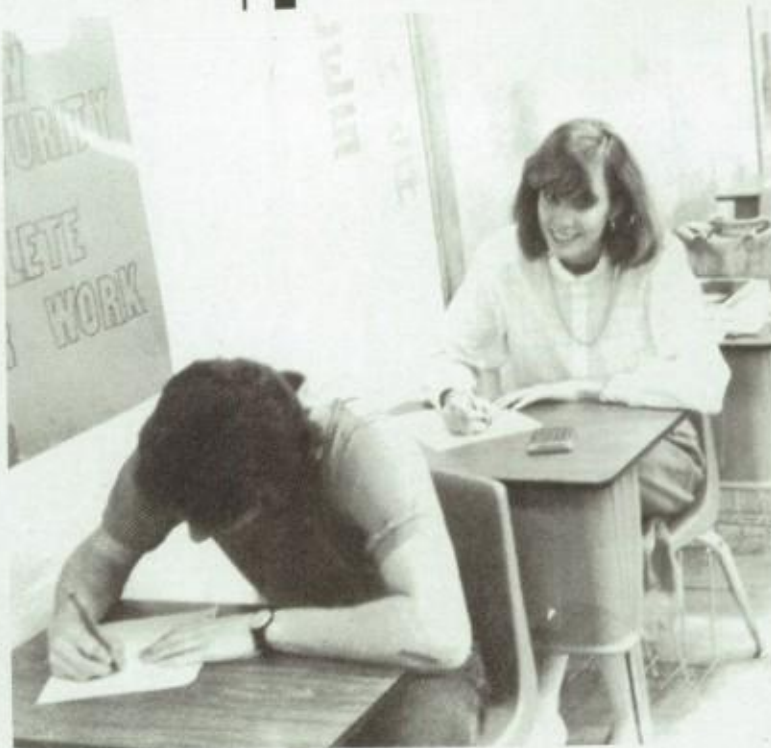

During the TJC District Math competition Lee math students entered and received 10 ribbons and 11 trophies.

Scurrying throughout "D" and "E" units are mad scientists waiting to unlock the world of biology, chemistry, physics, physical science, marine science, and geology. These inquisitive kids and teachers don't spend much time with their noses in books. Biology II students dissect fetal pigs and do genetic experiments with chickens. Creatures like sharks, rats, insects, worms, and frogs are dissected and studied. Depending on the science class or club, one may attend the Texas A&M Marine Science Symposium, visit the East Texas Oil and Gas Show, dig for fossils at Love's Lookout, trudge the Gulf of Mexico at Port Aransas, or compete for scholarships at the JETS Conference. Students from around the campus are fascinated with the feeding of "B.C.," Mrs. Schofield's boa. Occasionally, a huge hamster or a slimy snake will escape from captivity, but little incidences like that don't worry us scientists for we hold the keys to the future.

GOVERNMENT

In government, students examine the American Political Heritage, the Constitution, the election process and a comparative study of governments, state and local. Throughout the year the study of government is enhanced with the examination of current events and the role of the United States in world affairs.

American History

American History offers students an opportunity to learn more about the United States, its history, its people, and its problems.

SOCIOLOGY

Sociology is a study of human group behavior. Students learn of various customs, cultures, and beliefs. It's students also examine how society molds individuals into conformity by its norms and values and current social problems.

WORLD HISTORY

World History is a survey of man's accomplishments and achievements from the beginning of civilization to modern times. Special emphasis is placed on the study of cultural and religious patterns, and their relationship to political situations.

The Robert E. Lee Business Department offers such basic courses as personal business management, exploring careers, typing, business organization and management, record keeping, accounting, business law, business communications, and free enterprise. Course offerings with employment implications are advanced courses in accounting and typing as well as office procedures and shorthand.

Typing and shorthand students annually participate in University Interscholastic League contest, and many students are actively involved in NIKE.

NIKE, initiated and sponsored by Business and Professional Womans' Clubs, is a business club designed to foster leadership ability in students and to help educate students about various business careers and job training opportunities.

Art

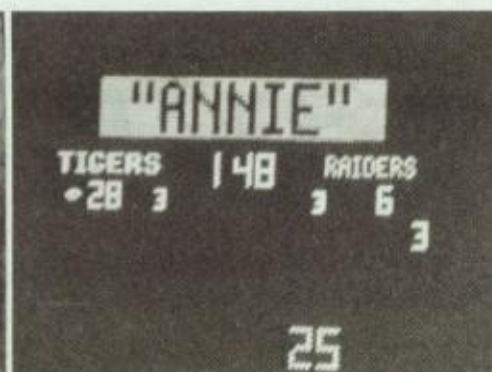

Art I-IV, ceramics, sculpture, fibers, and graphics are offered to all students with an interest in art. Throughout the year students have the opportunity to enter national and local competitions for honors and scholarships. In its second year, the gifted art class for juniors and seniors has had field trips beyond the classroom, participated in mentor programs, and had professional artists teaching in the classroom. This year the art club has traveled to Ft. Worth-Dallas to see a variety of art museums, Omni theatre, Japanese gardens, and Six Flags.

UPPER RIGHT: Yes, art is a thrill! MIDDLE RIGHT: The illustrious art class doing sculptures. MIDDLE LEFT: The baldies are back. LOWER RIGHT: John Thompson enjoys art.

Drama

Theatre Arts Department presented a varied and successful season of performances: *ANNIE*, the musical with the choral department, with *WINNIE THE POOH* as a December show with the *POOH PICNIC* for Pooh's little friends, and the contest show was a District winner with *I NEVER SAW ANOTHER BUTTERFLY*. Theatre Students also helped on four tournaments, competed in three meets and closed the year with a series of *MELLER-DRAMAS* and the *SPRING FESTIVAL* and *THESPIAN BANQUET*.

Pictures 1-8 from the fall show — *ANNIE*.

Debate team spends class time preparing themselves for the tournament competitions, through extensive research, class discussion, debate, extemporaneous, and oratory topics; and practice speeches and debates.

Journalism

The Journalism Department at Lee offers students such courses as reporting, News Production, and Magazine Journalism Production.

The reporting is for first year students in Journalism. News production is the making of the Southern Accent, the Robert E. Lee Newspaper. Magazine Journal Production is the making and completion of the yearbook, *The Legend*.

Foreign Language

Robert E. Lee High School offers a sequential language study program in French, German, Latin, and Spanish. Nearly one-fourth of the student body is involved in foreign language study.

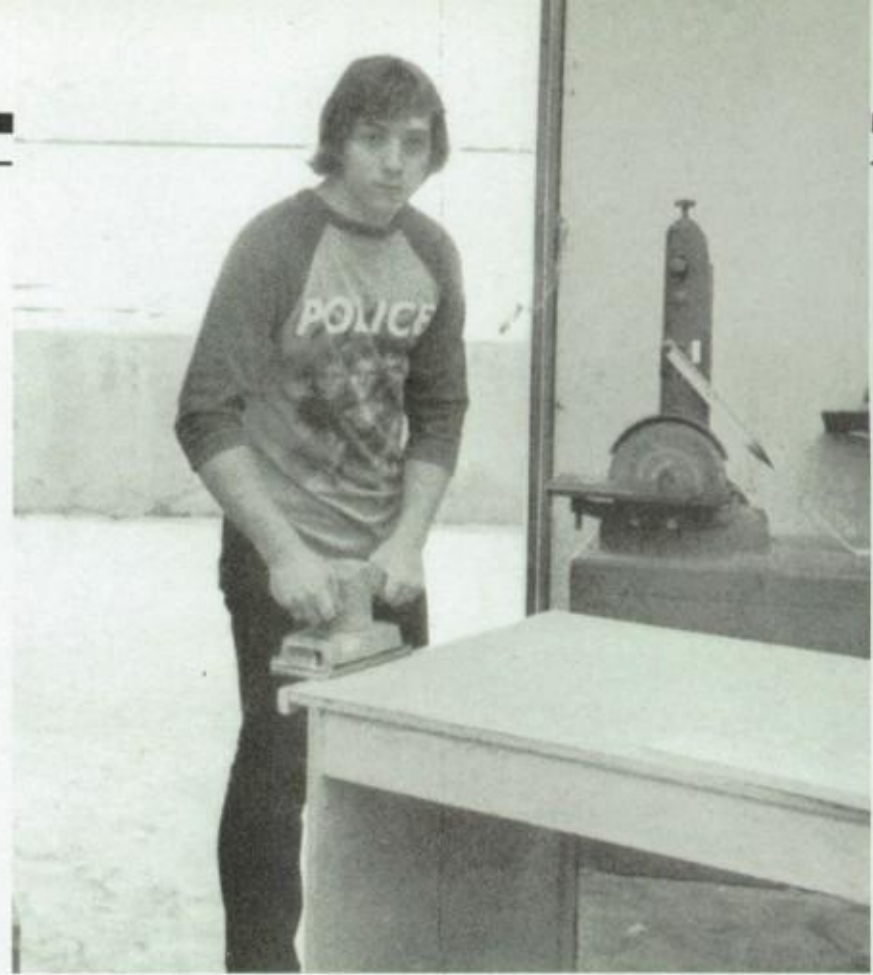

The Spanish classes took a four day trip to Laredo in March. The French and Latin Club sponsored a Soc Hop with profits being contributed toward purchase of a sprinkler system for the school.

Top Right: Jana and Beth Turner at a Latin Club party. Top Left: Christi Byerly, Penny Morgan, Tina Turman, and Lance Wolfe pose for a picture. Middle Right: Governor White meets Robert E. Lee students. Bottom Left: Spanish Club members take a break while in Laredo.

Industrial Arts

Industrial Arts is an elective course offering students the opportunity to explore the skilled professions of Drafting, Woodworking, Metalworking, and Electricity. The students can place their skills in competition with others, from across the state, by participating in the Industrial Arts Club.

Top: Brian Schreiber sands a table in Metal Shop. Middle: Woodshop students find time to talk. Bottom: A metal shop student looks for the right tool.

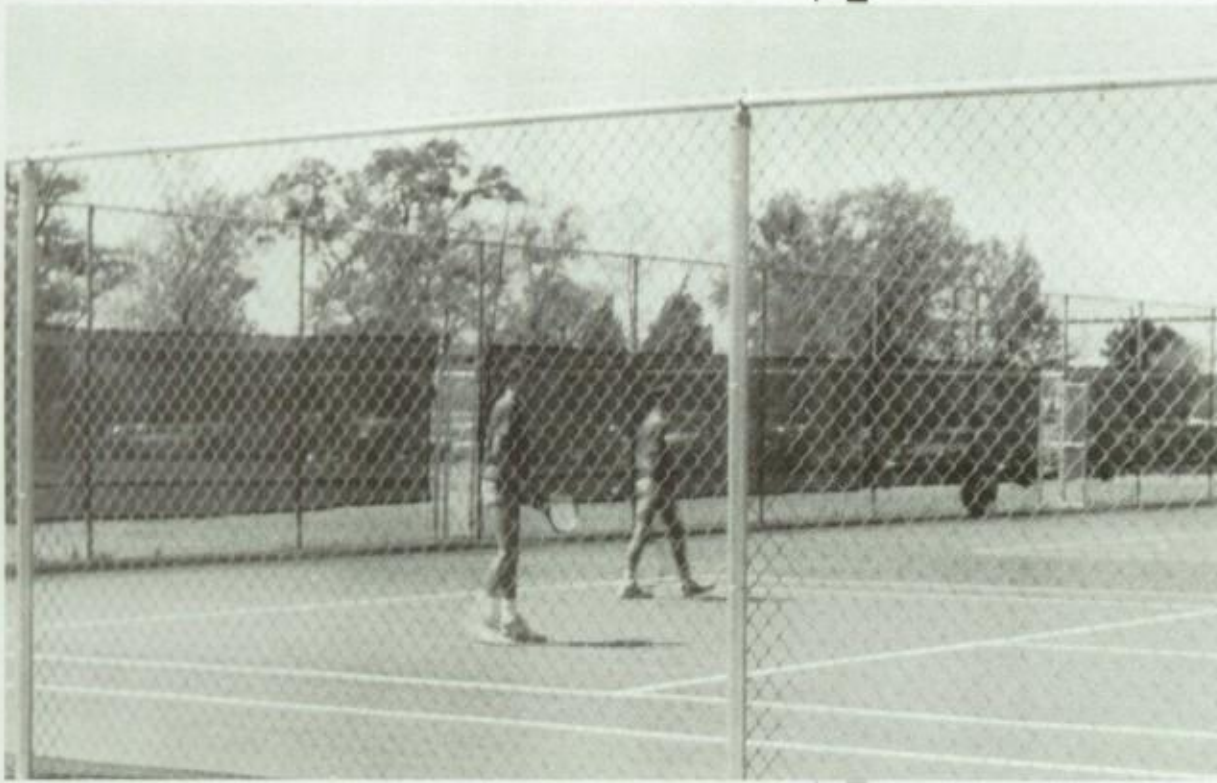

Top: Mr. Rayborn helps a student in Metalshop. Middle Left: Kurtis Kent is hard at work in General Drafting. Middle Right: Students work with pipes in metal shop. Bottom: Wood Shop students straighten things up.

Health and Physical Education

The physical education department offers a wide variety of courses for the required one and one-half years. Classes such as football, basketball, volleyball, softball, soccer, weightlifting, badminton, ping-pong, and aerobics help students to develop themselves both physically and mentally, while also preparing them for later life.

Health education helps students to develop understandings, attitudes, and habits that are conducive to healthful living. Each student also has the opportunity to learn and practice cardiopulmonary resuscitation (CPR), assemble a first-aid kit, and study the effects of drugs on human behavior.

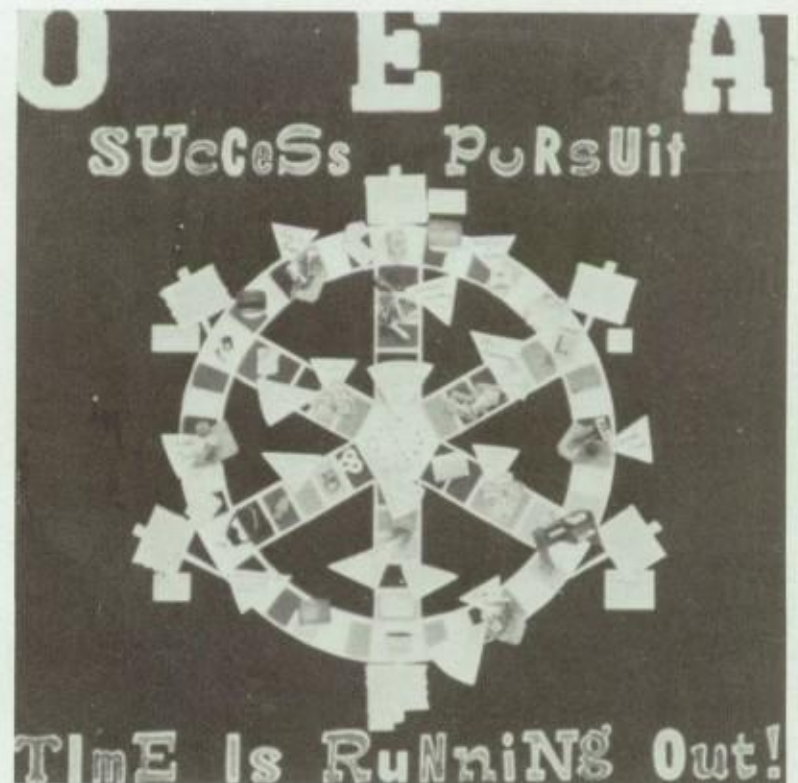

Vocational Education

Vocational Education's purpose is to prepare young men and women for employment in specific occupations. Vocational Education increases the relevance of school and enables persons who complete secondary school to obtain immediate employment or go on to technical school or college. A large complex of shops, labs, courses and programs in Tyler make up that portion of the curriculum called Vocational Education. Vocational courses offered on Robert E. Lee campus are: Radio and Television Repair, Agriculture, Agriculture Pre-employment, Agriculture Coop, Office Lab, Office Education, Industrial Coop Training, Education, Homemaking, and Home Economics Coop.

Upper left: Mr. Rider, Terry Hilton, and Mr. Williams. Middle left: Chance Watson and 95 year old lady shopping for Christmas. Middle right: Office Education project for competition in Killeen. Lower right: Earl Engbrock, Kevin Hoffman, Darryl Knighton, Don Spiker, and Craig Gardner.

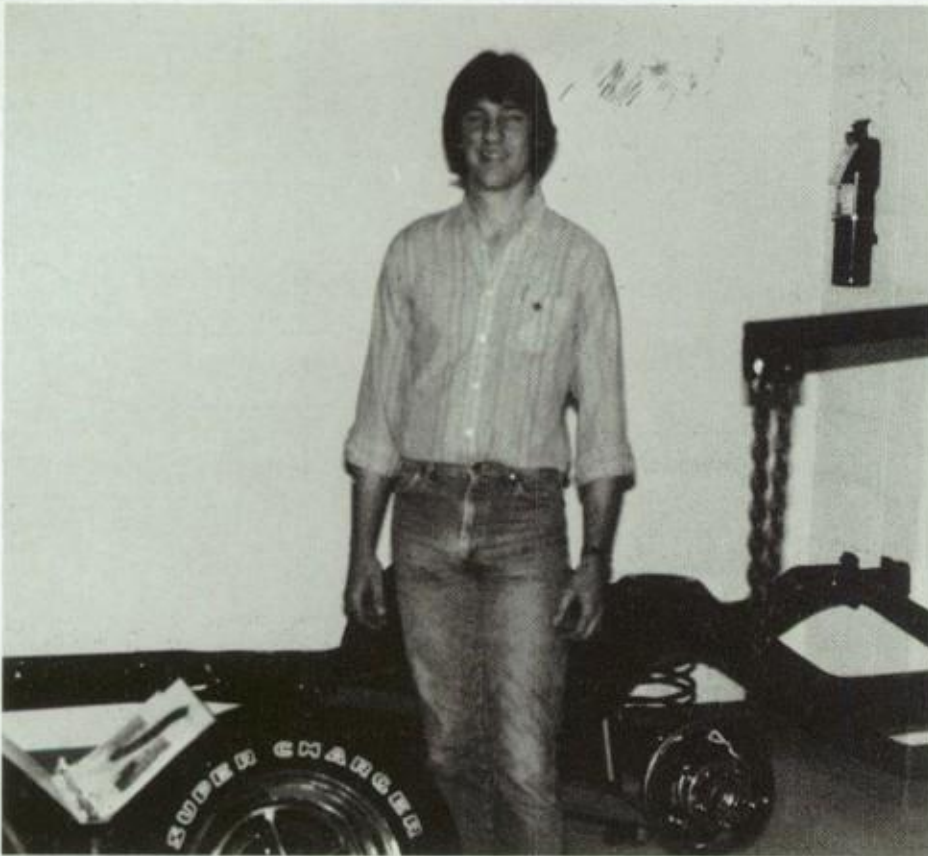

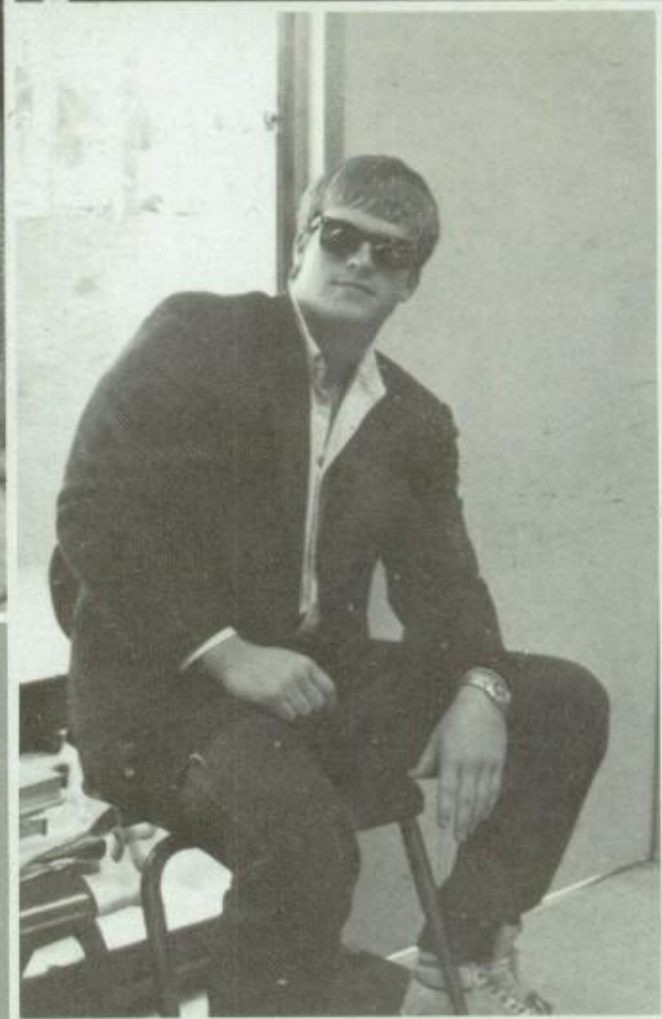

Upper left: Craig Gardner checking out his transmission.
 Upper right: Michael Vaughn helping a Christmas shopper.
 Middle left: Jace Barbin taking a break from Christmas shopping.
 Middle right: Stephanie Rogers and Janet Lee looking busy.
 Lower right: Danny Stanley and his awesome Trans Am.
 Below: OEA posing for picture.

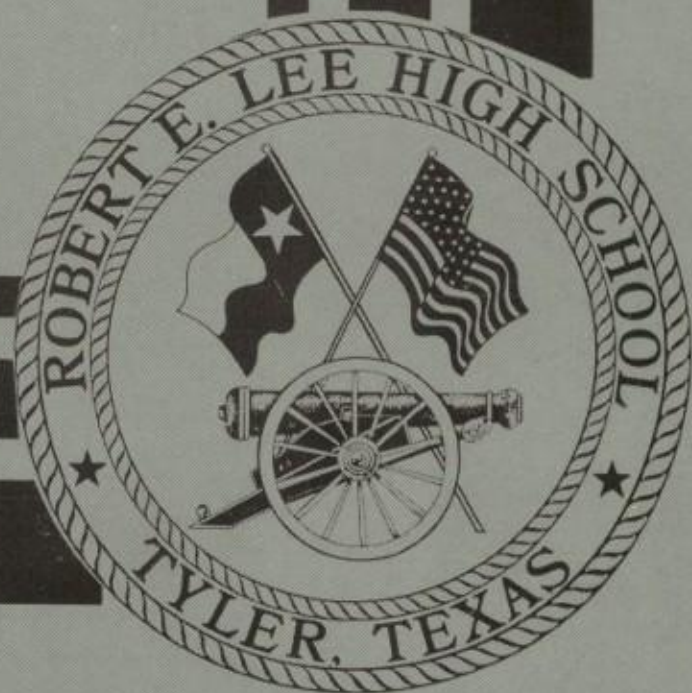

Vocational Education

Upper left: Daron Hickman shows off his I.C.T. notebook and project. Lower left: Joanna Lewis helping out on Senior Citizens Day at Target. Bottom right: Thrilling moments in OEA.

The Southern Belle Organization with its 300 members is the largest support group on the Robert E. Lee campus. The organization is composed of a Freshman Cheering Squad, a Sophomore/Junior/Senior Pep Squad, a Junior/Senior Drill Team, and a Senior Officer Line.

The Drill Team performs at the varsity football and basketball games. The Pep Squad performs at the junior varsity football and basketball games, and the Cheering Squad performs at the freshman football and basketball games.

The Southern Belles marched in the Rose Parade and Christmas Parade. The organization operated a sandwich and drink concession booth at the Red Raider Rally and sponsored a "Free Car Wash" for fundraising. The Southern Belles hosted a formal Christmas Dance on December 7 for the student body and their guests at Harvey Hall.

ACADEMIC DECATHLON

The Academic Decathlon is designed to test academic achievement and communication skills. Team members study English, Literature, Math, Science, Social Science, Science, and Economics to prepare for events requiring the delivery of a speech, compilation of an essay, an interview, and participation in a Super Quiz. Extensive research, reading, and study is required of each member of the team. Robert E. Lee placed third in the Regional Decathlon Meet with twenty schools. A total of 30 individual medals and two trophies were won. Lee's team had individual winners receiving gold, silver, and bronze medals.

QUIZ BOWL

The "Quiz Bowl" is composed of five team members and is sponsored by Mrs. Tucker and Mr. Shumate. The "Quiz Bowl" is directed by Centenary College and is aired on KSLA T.V. REL has had a participating team for the past three years. Team members must be knowledgeable in all academic areas as well as in the areas of art, music, sports, current events, and entertainment. Each year, the R.E.L. teams have won a minimum of \$900 in scholarship money for any Lee student wishing to attend Centenary College. Steve Baughman was selected as a member of the All Star Quiz Bowl Team for two consecutive years.

Front porches, picnics and pickled pears.

It's the little things that say a lot about East Texas.

Grandmothers in front porch rockers.

Skinny pine trees.

A burst of color from a roadside rose stand.

A picnic at Tyler State Park.

A parade clown dancing with a laughing youngster.

Tips of the hat.

Neighbors who still bring pies.

Pickled pears with blue ribbons at the East Texas Fair.

Wildflowers.

An American flag fluttering on a drilling rig.

And the assurance that the best is still to come.

**You can
help.**

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part . . . make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator — know what you want before you open the door; hot water takes energy — try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now . . . you'll help make sure there will be enough for everyone when you start a family of your own.

CARL E. BOCHOW
PRESIDENT

Dear Robert E. Lee Graduate:

As we are well into what is referred to as the "high technology era", let me encourage all students to pursue a higher education degree in any of the many fields that will better prepare you to be a more productive and successful person in a more demanding society.

Obviously, there are many career paths open to you, such as Engineering, Administration, Crafts, etc. All of these, and others, present their own unique challenges and opportunities along with rewards, if one is committed to the task and dedicated to achieving worthy goals. To be the very best in your chosen field should be your objective regardless of the path chosen.

Good luck and God speed.

Very truly yours,

Carl E. Bochow

Climb 'Til Your Dream Comes True

Often your tasks will be many,
And more than you think you can do . . .
Often the road will be rugged
And the hills insurmountable, too . . .
But always remember, the hills ahead
Are never as steep as they seem.
And with Faith in your heart start upward
And climb 'til you reach your dream,
For nothing in life that is worthy
Is ever too hard to achieve
If you have the courage to try it
And you have the Faith to believe . . .
For Faith is a force that is greater
Than knowledge or power or skill
And many defeats turn to triumph
If you trust in God's wisdom and will . . .
For Faith is a mover of mountains.
There's nothing that God cannot do.
So start out today with Faith in your heart
And "Climb 'Til Your Dream Comes True!"

1985 Legend Staff

Well, that's all folks, another year over, another chapter ends. But there were things that certainly distinguished this year from others past and hopefully from those to come: changes. This year's theme, "We're Changin' Every Day," relates the construction which we have had to endure in school as well as in our lives. We have lost those we have loved and gained new friends in the process. With these ideas in mind, I hope this yearbook captured moments involved in such a transformation-filled year.

I wanted to thank several people who indirectly aided the production of this book. After working on a

yearbook staff for three years, I know how vital the cooperation of the faculty is. They allowed us to interrupt classes for pictures, information, or anything else we needed. I also want to thank the administration, especially Mr. Hall, for cooperating with all our efforts.

Another group that deserves recognition is my staff. Their job required a lot of time and hard work with little praise. Often their only incentive was an inner desire to produce a good book. I feel that they are all creative people and that they did produce a good book. I regret not having been able to work *with* them because of unusual schedule mix-

ups. (I want to thank Mrs. Dunfee for her near-impossible task of finding an alternative time in the schedule to fit me in.)

No editorial would be complete without thanking Mrs. Jane McDaniel, our advisor. She was always willing to give advice, but she left the final decisions to us. She was more a friend to us than a teacher.

The aboved named, and you, the students, are what make the yearbook what it *really* is.

Thank you,

Michael Oholendt
Editor 1984-85
